

You Can SEE The Real Oak Leather In

REGAL SHOES

—Through the "Window of the Sole"

There's a little circular slip of paper pasted on the sole of every Regal Shoe. By lifting up this "Window of the Sole" you can see the white, Live-Oak-tanned leather underneath—the finest sole leather in the world. The cheap, red, Hemlock-tanned leather in other shoes is blackened over to hide its tell-tale color. Hemlock leather is brittle and stiff, but Regal Live-Oak-tanned leather is flexible and wears like iron.

If you want honest sole leather—if you want shoes that will last—get Regal Shoes at our exclusive Regal agency.

RACES BROUGHT WIDMAIER HERE; HE SAID SO; WHERE IS HE NOW?

Manager of Bristol Races—
keller Is Missing—Many
Bills Due and One Man
Wants His Money.

Albert Widmaier, proprietor of the Bristol races, who has been missing since he left the city on Tuesday morning, has been found by the police.

Widmaier was last seen about 10 o'clock Tuesday morning and at that time he had a roll of money which he said contained \$1300 in \$100 bills. Money had been left in Widmaier's safe at the Bristol by a horseman who took his meals there, it is said to have been \$1400. The horseman is reported to have been Charles Boss, who is in charge of one of the racing stables at the Bristol track. He is said to be looking for Widmaier today and also for the roll which he left with the restaurant man.

"When I have anything for the papers I will phone you," he said this morning while in the company of a local attorney. Beyond this statement, he refused to verify or deny the report that his money was in the Bristol safe about the same time Widmaier left.

Whereabouts Not Known.

At the Bristol, which is being conducted by acting manager Cundiff, it was said that the whereabouts of Widmaier is not known, but that he is expected back Thursday morning at the latest. Cundiff said that the place had been doing a good business and that if the proprietor had skipped it was a very foolish move on his part. Cundiff said he knew nothing definite about the report that the horseman's money had been missing from the safe, but said that he had heard the report. He also said that the housekeeper, Mrs. Barnett, had said that she had given Widmaier a small sum of money to keep for her.

Widmaier came here from Los Angeles last September. He had been head waiter in the Bristol cafe in that city. He worked at the St. Regis for some time

after he came here and assisted in arranging for the Taft breakfast on Oct. 16. Later he quit the St. Regis and when the races were ready to open he rented the old Budweiser hotel and saloon on San Francisco street and advertised extensively as a first class restaurant and cafe.

Races Attracted Him.

When the morning paper got expressions from several business men about the value of the Juarez race track to El Paso, Widmaier was quoted in a prominent place in the paper as saying that the races had put El Paso on the map and that he would not have opened such an up-to-date place here had it not been for the races and the people with money that they would attract.

Widmaier attended the races regularly and played the ponies heavily, it is said. He would go to the track in an automobile in company with a woman. The woman today refused to talk about him and would not discuss reports that she had let him have money.

Left Many Bills.

The fixtures at the Bristol belong to Henry Pfaff, the wholesale liquor dealer. He said today that while he owned the fixtures of the place he had guaranteed none of the bills that had been contracted by Widmaier as manager of the place. At the Overland market it was said today that Widmaier had a bill there, but that Mr. Pfaff had agreed to pay it. This Mr. Pfaff denied.

Widmaier's bills were large with several El Paso business houses, including grocery stores and butchers.

THIS MAN SELLS "SCIENTIFIC INFORMATION" ON RACES

Tom Harris, arranged in the police Tuesday evening on a charge of vagrancy, it being asserted by the police that he had been living with a woman on Broadway, denied the charge. Harris said that he was a handicapper and when Judge Lea asked him if he sold tips on the races, he said: "I sell scientific information, based on reliable facts gathered a few hours before the race."

The case was continued until Thursday afternoon in order that additional evidence might be secured by the police.

show case, are being tried in the county court today on a charge of theft.

Injured Policeman Dies.

Leeds, England, Jan. 5.—Alfred Hudson, a policeman, died from injuries received during a suffragette riot outside the Coliseum on August 10.

RAILROAD NEWS.

FIGHT TO BE MADE FOR MAIL TO THE COAST

The Rock Island's Change in Time Was Made With This in View.

With the installation of the new Rock Island train, "The Californian," comes the first move on the railroad checker board of the United States in what promises to be a lively war for transcontinental mail. At present the Santa Fe and the Rock Island may be said to divide honors in carrying Chicago, Kansas City and San Francisco mails. But the new move on the part of the Rock Island may change conditions materially.

But railroad rumor has it that the Santa Fe will not give up letter traffic without a fight. The newly completed Belen cutoff affords a more direct route from Chicago to the coast. It is understood that before the mail weighing begins in the spring that the more northerly road will change its transcontinental route, giving up the Trinidad divisions except for local trains. This move will avoid two mountain ranges and make the right of way over the most direct route between the two cities, St. Francisco and Chicago.

In spite of all this, however, the feeling in local El Paso & S. W. offices seems to be that the Rock Island can still make better time over the El Paso route. It is admitted that the change in time card was made with more than a passenger traffic view.

Any way a fight is promised between the two railroad systems, and an interesting one at that.

NEW TRAIN ARRIVES.

The Rock Island local passenger train No. 38, departed for the north from the union station at 8 a. m. today on its first trip on the new time. Its departure marks the beginning of the complete new time schedule over El Paso & S. W. tracks. No. 38 will run between El Paso and Kansas City.

ABOUT RAILROAD PEOPLE.

Conductors C. W. Jones and W. C. Clark have been detailed on Southern Pacific passenger runs.

W. O. Hodgson, commercial agent of the Missouri Pacific, stationed at Fort Worth, is in El Paso on business.

D. F. Bucher, superintendent of the Chihuahua division of the National railways of Mexico, is here in a private car.

H. E. Bowles, G. H. & S. A. freight brakeman, returned from Sanderson, "the cactus division," to his old run.

E. H. Haggard, former local agent for the E. P. & S. W. now general agent of the C. F. & P. A., is visiting railway friends in the city.

Mrs. C. B. Seger, wife of the new general auditor of Harriman lines, passed through El Paso for the west in a private car today. Mr. Seger was formerly auditor of the Southern Pacific.

C. S. Gardner, assistant district superintendent of the Pullman company, has returned from an eastern trip. With his wife and sister, Miss Alice Gardner, the local official, visited New York and Boston, stopping at a number of western cities on return. Mrs. Gardner and Miss Gardner are in San Antonio. They will return tomorrow.

BAN IS PLACED ON CELLULOID GOODS

Collars and Cuffs of This Kind Cannot Be Worn in Paris Theaters.

Paris, France, Jan. 5.—The Paris police have issued edicts forbidding anybody to wear a celluloid collar or cuffs behind the scenes of a Paris theater.

The reason for this order is the danger of fire. A few days ago a cabman who was lighting his pipe was badly burned and his cab was almost destroyed because a spark set fire to his collar.

YOUNG WOMAN TIRES OF LIFE

Expresses Wish to Die—Mercury Poison Is Doing Its Work.

Love, jealousy, desperation, is said to be the cause of it, but anyway, the young woman will not live. For nine long days and nights she has been suffering wrecking agonies at the Juarez hotel, on Calle Ugarte, over in the Mexican city. Her name is Clotilde Ochoa Guzman; her age 22 years.

According to the attending physician, Dr. F. L. Arguelles, the young woman is suffering from mercurial poisoning. The doctor declares that she cannot live more than another day. For nine days the young woman has been existing in a living death, the poison slowly eating its way to vital organs.

According to a report at the Mexican court of letters regarding the case, a young Mexican employed in an El Paso moving picture theater is "the man in the case."

Clotilde Guzman is a stranger in Juarez. She has sent no word to relatives. She has not explained anything, only that she wanted to die.

POLL TAXES MUST BE PAID THIS MONTH

Friends of Sheriff F. J. Hall Continue to Rally to His Support.

"Have you paid your poll tax?" That is the question which candidates and prospective candidates for office are asking the voters of El Paso.

From the city and county precincts, sheriff F. J. Hall is receiving assurances of support in his candidacy for reelection. He has made an enviable record in the office which he now holds and thoughts of a political ax wielded by a few leaders are displeasing to the majority of voters of the city and county.

They are expressing their opposition to the program, outlined by a few organization leaders, against the sheriff and are doing more—they are paying their poll taxes so they will have a voice in the primary and general election.

Have you done likewise? Poll taxes must be paid by the close of January. Advertisement.

IF YOU LOSE ANYTHING—advertise it here. It will be found by you if an honest person finds it. Remarkable recoveries are brought about every day through this column.

THE WEATHER

Forecasts.

El Paso and vicinity: Tonight and Thursday fair. New Mexico: Tonight and Thursday fair and continued cold. West Texas: Tonight fair; colder in southeastern portion; Thursday fair.

Weather conditions.

The low pressure central in New Mexico yesterday morning has moved rapidly to the east gulf coast.

A disturbance has appeared over the upper Mississippi and the lake region; its center is near Lake Superior.

High pressure extraordinary overlies the middle Atlantic coast and also Nevada and Idaho.

Precipitation during the last 24 hours is reported from the lake region southward to the lower Rio Grande; from the central portion of the country westward to northern Arizona and southern Utah, and from Kansas northward to Montana. The heaviest precipitation was in the middle Mississippi valley.

The lowest temperature reported was 22 degrees below zero, at Flagstaff, Arizona.
